

## 2016 GUEST FEEDBACK ALL FAST LANE TRAVEL TOURS

### 2016 SPRING TREFFEN PLUS

Our expectations were to meet great people, exceed 150 mph, eat great food, drink great wine and beer, enjoy the sights, purchase some nice souvenirs, and just have a lot of fun and laughs. Every expectation was met and exceeded!

Our last comment is on the tours of the Porsche Factory, Porsche and Mercedes Museums. We knew this was going to be special, but having a Porsche “insider” lead the tours and give us information that most people taking these tours would not have made the experience one that will be unforgettable!

Thank you to your whole team for the time, planning and effort that went into making this trip one that we will remember and happy that we took.

The small group size of the tour was perfect and the destinations and travel could not have been much better. The hotel rooms and restaurants were all outstanding. Having had a career in sales, I have always been a strong advocate for customer service, but Peter takes it to the next level with daily gifts and notes to keep everyone guessing about the next treat and constantly keeping everyone entertained. It was fun to join “the 150 mph Club” on the Autobahn, but the mountain roads were the best...

It was above and beyond. Definitely! My circle of friends is your circle! Highly recommend you guys!!! It was a fabulous tour, money well spent, and it was incredible value!

Mr. Peter, like I said many times during the trip that I lift my hat to you Sir!

One great surprise after another. Creative activities and venues, lovely tokens (the nightly notes and gifts) and great driving.

**Conshohocken, PA**

Our expectations for this tour were to drive Porsches throughout Germany and Austria. What we received was considerably more. A great group of fellow Porsche enthusiasts who quickly became friends, a guide (Peter Sontag) with encyclopedic knowledge of Germany and Austria and a sense of humor to brighten every situation and the best hotels and restaurants...

We're still glowing and every time we drive our Cayman we're tempted to drive at Autobahn speeds! Far and away our best adventure ever!

**Ken & Elaine Sonenberg**  
**Great Neck, NY**

My specific expectation was to be in the 150 mph Club, which we accomplished in the first two hours of driving. I had seen Fast Lane Travel advertisements in Panorama for 20 years, it was a dream that came true.

## **2016 SPRING TREFFEN**

I had a great time and would highly recommend a Fast Lane Travel tour to anyone wanting a chance to drive a new Porsche as they were meant to be driven and wanting a chance to see parts of Germany and Austria.

**Blade Benson**  
**Walnut Creek, CA**

Our only expectations were to have a great time, enjoy Germany and especially driving the new 911s. Without knowing the other participants, it was difficult to determine what the tour would be like. As it turned out, the group was great; we had a great time every day with many laughs.

## **2016 Spring Adrenaline Adventure**

Was looking for best scenery and roads ever and you exceeded all expectations! The three most exciting words in the morning are not: Gentlemen Start Your Engines. But: Eagles, Let's FLY!!!

**B.B. Brannon**

My deciding factor in choosing to join FLT on another tour or recommending FLT to a client or friend will be Thomas Hoeflerlin!!!

**Joseph R. Esposito**  
Asheville, NC

We are back home suffering tremendous depression over driving in Atlanta and not hearing the guiding voice of Volker Gempt... The cars were perfect!! This was the first time I have not driven a personal manual transmission car since my first Porsche in 1967, and I loved it, especially on the mountain roads. Thomas did an outstanding job of planning and executing the trip, and Volker Gempt has now become a good friend. Having him as my leader again is almost enough to convince me to return.

**Thomas F. Flournoy**  
Atlanta, GA

The trip was too much fun to be legal!!! Thank you and all at Fast Lane Travel for making the trip so easy and enjoyable!

Your crew provided us with a marvelous travel experience. Thomas was fantastic. He provided just the right amount of direction and freedom to allow us to fully experience driving a high performance Porsche on the Autobahn and Alpine roadways in Germany and Austria.

I will certainly recommend Fast Lane Travel to my Porsche friends. There is no way that a self-organized tour could possibly have provided the driving experiences that we had.

All things considered, this was truly one of my most memorable trips and I would love to repeat the experience following Thomas through another set of challenging roads in Southern Europe.

## **2016 FALL ADRENALINE ADVENTURE**

Your staff, beginning with my first conversation with Sven to Catherine's attention to detail and advice before we left, to your amazing staff on site in Germany, you should be justifiable proud.

We were shepherded by the two Volker's through the museums and Porsche factory. They are both stellar gentlemen and added so much local flavor to our visit as we walked the streets of Stuttgart on the way to and from dinner, the museums and factory for our tour. Their insights into the culture and history of Porsche were very special indeed.

The star of the show without a doubt was Thomas Hoferlin. He led us on the aptly named Adrenaline Adventure and made absolutely sure it lived up to its billing. He kept us all safe

while delivering a driving experience that still makes me smile long after returning to the chaos of everyday life.

Driving experiences like Fast Lane Travel provides do not just happen. Expectations must be set very high and more importantly those expectations must be met to be successful. Congratulations Peter, mission accomplished.

## **2016 Le Mans**

Attending a world renowned sporting event is much more than just being there and having a seat. The experience is very, very special when you get to spend time one-on-one with team members and former winners, and are exposed in an intimate way with behind-the-scenes activities. But that can only happen with access. Fast Lane Travel has access. Lunch on the Mulsanne Straight with multi-time former winner Derek Bell day before race? Check. Driving tour of entire track with Jan Lammers, another former winner? Check. Front row seats for LeMans Parade? Check. Pit Lane walk just hours before race? Check. Private shuttle to disparate parts of race track in the dark of night? Check. Champagne reception after race? Check. To say the least, my daughter and I rank the Fast Lane Travel LeMans adventure as one of the best ever!

We had an absolutely fabulous time. Everyone was great and well organized. I would not hesitate to recommend this trip to anyone who was a true race fan.

## 2016 US COLORADO TOUR

Enjoyed the Colorado trip very much. U.S. locations allow more people to consider your trips as many do not want to fly to Europe and prefer to drive their own Porsche!

**Ed Brust**  
**Bonita Springs, FL**

All expectations were met – a great tour. We would always recommend Fast Lane Travel. Every trip (all 6 of them) have been Great!

Pre-Trip Services – Excellent. Hotel Arrangements – Excellent. Transfers in Denver: Michael was great getting our luggage to airport. Stood in line with bags at check-in and made sure we got checked in! Have already recommended to friends.

**David & Fran Huey**  
Gulfport, FL

Thank you again for arranging and leading us on another outstanding experience. Sven, Mike, Ken and your office staff were without fault. Hopefully, we'll have another opportunity to travel with Fast Lane Travel again.

**Marge & Jeff Lewis**

## **2016 FALL TREFFEN PLUS**

We wanted to travel through Europe, drive a new Porsche and meet new friends from around the world that share our passions. We had a wonderful time and all our expectations were exceeded. We especially liked that you take care of everything; we just show up and everything is first class just like we would have selected.

All arrangements, hotels, food and service 5 star! Even my wife, Bonnie, who has worked in the travel industry for 25 years and traveled extensively, was very impressed by the accommodations, food and service. Thanks for a wonderful adventure without question, a trip of a lifetime! Appreciate all the effort on your part, Thomas, Johnny, Hercules, Marc, Ruta, Sven, Catherine, in making the trip so much fun! Looking forward to the next adventure!

**Mark & Bonnie Howard**

My expectations were to experience high-speed Autobahn and Alpine mountain pass driving in a Porsche 911, and they were fully met. The new Porsches, beautiful hotels, efficient luggage and museum arrangements were a bonus, as was the wonderful group leadership by Marc and Ruta.

I would have no hesitation choosing or recommending Fast Lane Travel. The organization and little “extras” were exceptional.

**Bob & Heather Thomson**  
West Vancouver, BC

Our expectations were met concerning the quality of the cars and accommodations - both were first class. Jill and I had a fantastic time with your crew; the cars and the drives were all “bucket list.” This trip has given me the Porsche itch for sure, now it’s a matter of finding the right low mileage, slightly used 911 S, PDK, white, in either a cabriolet, targa or sunroof.

## **2016 FALL TREFFEN**

My expectations were fully met. Volker Gempt, our guide, did an excellent job and instilled confidence in our entire group. He is a very impressive man – probably the most remarkable person I have ever met.

**Ted and Cathy Murchison**  
Surrey, BC

Many thanks to Volker for making our trip so enjoyable and fun with his expertise and knowledge of Porsche cars, the city of Stuttgart, and life in general. He is a true Gentleman and Scholar of the highest caliber with a sense of humor!

## **2016 TUSCANY PORSCHE FEST**

Casali di Bibbiano was simply magnificent and Alberto and his staff couldn't have been more gracious. We loved it so much that we are seriously considering a return visit next year to further explore Tuscany and Italy.

Thomas was simply a magnificent guide and leader. His attention to detail and to rolling with the many different personalities and requests was admirable to say the least. When we decided that we wanted to spend the night in Frankfurt rather than Stuttgart the evening before our departure, he disappeared from the table and ten minutes later, we were all set. He walked with Don to the train station and helped him return our old tickets and procure new ones. There was never a moment that we felt that we all were not his first priority and that our happiness with our experience was foremost in his mind.

**Don and Mary Alldian**  
**Califon, NJ**

I would follow Thomas (Eagle # 1) Anywhere!!!  
I would like to bring my 3 sons and their wives  
on the trip to Italy with Thomas as our guide

## **2016 FALL ADRENALINE ADVENTURE**

We expected to do some fun driving, and that expectation was exceeded. The mountain passes were amazing as was the Autobahn speed. We expected to enjoy the car, and that expectation was met. We have a 1988 930, so this was our first driving experience with a modern 911 and PDK transmission. We expected to have a competent guide, and that expectation was exceeded. Thomas' ability to keep us all corralled while driving and multi-tasking was amazing.

We had relatively low expectations for our group and were pleasantly surprised. We are not really tour people - we like to do things on our own. But Sven had assured us we would enjoy our fellow travelers and he was right. We formed some great friendships and even found some people we would enjoy traveling with again.

Overall, this trip definitely made it into our top 5 lifetime travel experiences!

This was my first tour and met my expectations above and beyond of what I could have dreamed. How very well everything was organized from the beginning, prior to the tour, the actual tour and return.

Everything was Wonderful!!!

---

My expectations were modest and the tour far exceeded all that I had and could have imagined. I have no reservations and certainly plan to join Fast Lane Travel for another tour in the future. The tour I went on was great.

I expected a once-in-a-lifetime experience and Fast Lane Travel provided it "in spades!" The Adrenaline Adventure Tour was one of the top two adventures of my life.

Any top tour company can go to great places. What sets Fast Lane Travel above the others for me is their entire team of Porsche insiders, several of whom served 20+ years as executives, can relate experiences with Dr. Ferry Porsche, Ferdinand & Louise Piech, CEO Peter Schutz, Dr. Wendelin Wiedeking, etc. on a global scale. No competitors know Porsche and its history as does Fast Lane Travel. Thank you for an outstanding adventure.

**Mr. James Proper**  
**Mint Hill, NC**

Our most significant expectation was to have the opportunity to drive a Porsche in a spirited and higher-speed manner than what we are able to do (legally) in the US. That expectation was met on many, many occasions during the 5 days of driving. We were able to drive as fast as we felt comfortable driving throughout the tour and our adrenaline glands were fully energized! All of the hotel accommodations were outstanding and fully met the expectations described for the tour. The food and drink was outstanding as well and exceeded our expectations for

experiencing some German and Austrian culture. The tour also provided sufficient "on our own" time to allow us to venture off a little bit on our own. Finally, the Fast Lane Travel personnel running the tour, especially Thomas and Volker, were top-notch and made the tour a very special and enjoyable experience.

First let me say, the trip was everything I had hoped it be!! My expectations for the Fall Adrenaline Adventure were focused on having a unique "awesome" experience, driving a great car (at speed), on beautiful scenic roads with like-minded people. My expectations were certainly met, and in fact exceeded!

There was a lot of planning and coordination that was required in putting together a successful tour like this, and Fast Lane Travel certainly came through. Our tour guides Thomas and Peter both did terrific jobs, and were instrumental in making this a lifetime experience for me. This was a "bucket list" trip, that will never be forgotten!
