III. BUCKET LIST UPSCALE TRAVEL FOR 2025

– Susan Sheridan

With upscale travelers contemplating journeys for the new year ahead, I feel the need to propose some of the favorite trips of a lifetime for 2025.

Luxury travel is skyrocketing in demand globally as a \$1.38 trillion industry growing by 7.9 percent a year, according to Grand View Research. Upscale travelers are highly motivated to explore new places and cultures. A recent survey of ATC-affiliated advisors found that bucket-list travel is the leading emerging trend for 2025, with personalized experiences and authentic travel rounding out the top three. Here are the five must-do trips of a lifetime for 2025 from Susan:

Antarctica: Antarctica is a true bucket list destination that offers an exclusive experience like no other. Travelers will enjoy activities like kayaking among icebergs, and guided wildlife excursions to see penguins and seals. Antarctica has become increasingly popular as it satisfies the opportunity to experience amazing excursions and visit a destination that is at risk due to climate change.

Kyoto: A visit to Kyoto during cherry blossom season in April is a truly iconic Japanese experience. Strolling through the historic streets of Gion or the serene gardens of Maruyama Park under a canopy of blooming Sakura

is an unforgettable sight. Travelers can experience Japan's timeless beauty, traditional tea ceremonies, and festivals in full bloom.

South Africa: South Africa is a must-see destination with its incredible array of once-in-a-lifetime experiences. A private safari tops many travelers' bucket lists.

They can search for the Big Five of lions, elephants, rhinos, leopards and Cape buffalo at iconic reserves like Kruger National Park. South Africa's wine country beckons travelers

to sample world-class vintages paired with gourmet cuisine. Adventurers can soar to new heights on hot-air balloon rides at sunrise or sunset—or try shark cage diving along the country's dramatic coastline.

Switzerland: Switzerland is ideal for a winter or summer getaway for luxury travelers, including couples and families. For winter, St. Moritz is perfect, since it's celebrated for its stunning scenery, luxury ski resorts and fine dining. For summer, the beautiful Park Hyatt Zurich is a wonderful base to explore art museums, dine at top restaurants, shop along the world-famous Bahnhofstrasse, or discover the medieval Old Town.

India: This spectacular country offers a wealth of immersive cultural experiences. India is rich in master craftsmen, who use skills passed down for generations. Travelers can discover how block printing on fabric is done in the northern state of Rajasthan.

Then, in the southern state of Tamil Nadu, they can create their own Athangudi tiles, which is a 500-year-old art form. Travelers can also

converse with the craftsmen, who provide insights into their way of life.

IV. My Final Thoughts: This was submitted to me by one of our valued customers and friends, Ralph Sica.

1. A husband and wife packed their suitcases in a rush and made it to the airport just in time.

“I wish I’d brought the refrigerator”, said the wife.
“Whatever for?” asked her husband tetchily.
“Our tickets are on top of it.”

2. I spilled Spot Remover on my dog, now he’s gone.

3. What’s another word for Thesaurus?

4. If at first you don’t succeed, then skydiving isn’t for you.

5. I busted a mirror and got seven years bad luck, but my lawyer thinks he can get me five.

6. Everywhere is within walking distance if you have the time.

7. Whenever I think of the past, it brings back so many memories.

8. There’s a fine line between fishing and standing on the shore like an idiot.

9. It’s a small world; I wouldn’t want to have to paint it.

10. If you saw a heat wave, would you wave back?

11. I think it’s wrong that only one company makes Monopoly.

12. *When I die, I'm leaving my body to science fiction.*

13. *Why don't they make the whole plane out of that black box stuff?*

14. *A clear conscience is usually a good sign of a bad memory.*

15. *I went to the General store. They wouldn't let me buy anything specific.*

V. SOME OF MY HAPPY MEMORIES

**Let's GO!!!
Le Mans 2025!!**

Derek Bell with winning Porsche 1!

Derek Bell & Steve McQueen

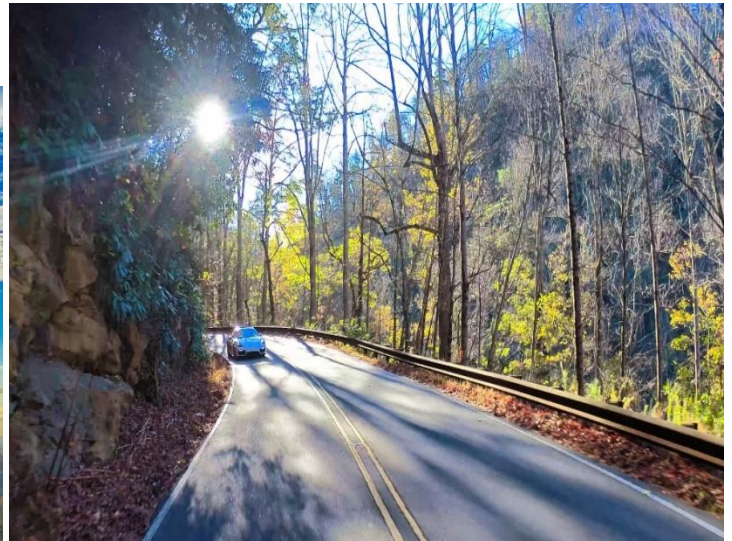

Robin Donovan our Le Mans partner for Fast Lane. He raced there for 14 consecutive years. From his point of view, it is a "dream come true" story of a little boy who listened intently to a local hero, Derek Bell, talk about Formula Three racing in the 1960s.

Carolina Colors and Tail of the Dragon: 58th Annual Moonshine Festival 2025. Come with us!

On your path to success, remember to always look forward with optimism. May you achieve your goals and find joy along the way. Here's to a thriving 2025! We truly appreciate your business and can't wait to see you on tour. We wish you a safe and healthy 2025 brimming with possibilities. Happy New Year!
