

Item: Fast Lane News # 11 in 2025 (Issue # **263** since 2020). On March 15th, 2025, I'm writing from our offices in beautiful Oldsmar, Florida along the shores of Tampa Bay & the Gulf of America

To: Our Fast Lane Travel Family in Australia, Canada, Dubai, Europe, Iceland, Israel, Japan, New Zealand, Singapore, South Africa and in the USA!

Subjects: Trip of the Week: Don't miss the Tuscany PORSCHE Fest; Why Travel Insurance is IMPORTANT; My Final Thoughts: Happiness

I. To the 2025 TUSCANY PORSCHE TEAM - GOOD NEWS: To date, everyone who has joined this October's Tuscany trip has been on several Fast Lane Porsche trips before. In fact, **what a compliment to us**, one couple was also on the 2022 Tuscany trip, and they are coming back a

second time to enjoy the "new and improved" Tuscany trip. Let's stroll together through Pienza where we have secured private parking.

Tourists must park a mile away in a public parking lot. Yes, we have the special privilege to park inside this 16th-century monastery.

Who parks in the pedestrian zone of Montalcino with a police escort? We, of course do! **Go to:** <https://fastlanetravel.com/2025-tuscany-porsche-fest/>

II. Why Travel Insurance is so important

Susan Sheridan – Luxury Travel Manager

Fast Lane Luxury Travel, an Affiliate of Travel Leaders Network, strongly encourages travel insurance to protect your investment. Travel insurance can protect you if you have a medical emergency or death in your immediate family before or during travel and you need to cancel or delay your trip or if you require medical attention or evacuation. Most pre-paid arrangements are non-refundable regardless of the circumstance. There is no guarantee that your US private health insurance will work overseas. Please ask us if you would like a travel and cancellation insurance quotation. **Susan 813 475 5989**

Here are some key points regarding the significance of purchasing travel insurance:

1. Medical Emergencies:

- Travel insurance provides coverage for medical emergencies and unexpected illnesses or injuries abroad.
- There are potentially higher costs of healthcare in foreign countries and travel insurance can alleviate the financial burden.

2. Trip Cancellation or Interruption:

- Travel insurance protects against unexpected events that may lead to trip cancellations or interruptions, such as illness, family emergencies, or natural disasters.
- Note that without insurance, travelers may lose the money invested in non-refundable bookings.

3. Lost or Delayed Baggage:

- Travel insurance typically covers lost, stolen, or delayed baggage.
- Note that without insurance can lend the inconvenience and financial loss associated with having to replace essential items if luggage goes missing.

4. Travel Delays:

- Travel insurance can provide compensation for expenses incurred due to unexpected travel delays, such as missed connections or cancellations.
- The importance of having financial protection in situations where delays impact the overall travel experience is immeasurable.

5. Emergency Evacuation:

- Travel insurance often includes coverage for emergency evacuation, particularly important in remote or challenging destinations.
- There can be potential costs and logistical challenges of arranging emergency medical transportation without insurance.

6. Natural Disasters and Political Unrest:

- Travel insurance can offer protection in the face of unforeseen events such as natural disasters, political unrest, or civil disturbances.
- Insurance may cover trip cancellations or changes due to situations beyond the traveler's control.

7. Personal Liability Coverage:

- Travel insurance can include personal liability coverage, protecting travelers in case they accidentally cause harm to others or damage property.
- There are legal and financial implications of not having this coverage.

8. 24/7 Assistance Services:

- Travel insurance offers the convenience and peace of mind provided by the 24/7 assistance services.
- These services can assist with medical emergencies, travel arrangements, and other unexpected situations.

9. Risk Mitigation and Financial Protection:

- Travel insurance is a form of risk mitigation, providing financial protection against unforeseen events that can disrupt travel plans.
- The relatively small cost of insurance premiums can save travelers from significant financial losses.

10. Global Coverage:

- Travel insurance offers global coverage, ensuring that travelers are protected regardless of their destination.
- Have peace of mind that comes with knowing there's financial and logistical support in unfamiliar environments.

III. My Final Thoughts: Tuscany Happiness

It has been a week since we returned from the Tuscany Trip and we are still winding down from this fantastic adventure. We had been looking forward to this trip for a year and were thrilled that it exceeded our expectations in every way. When you say all inclusive, you mean it – no nickel and

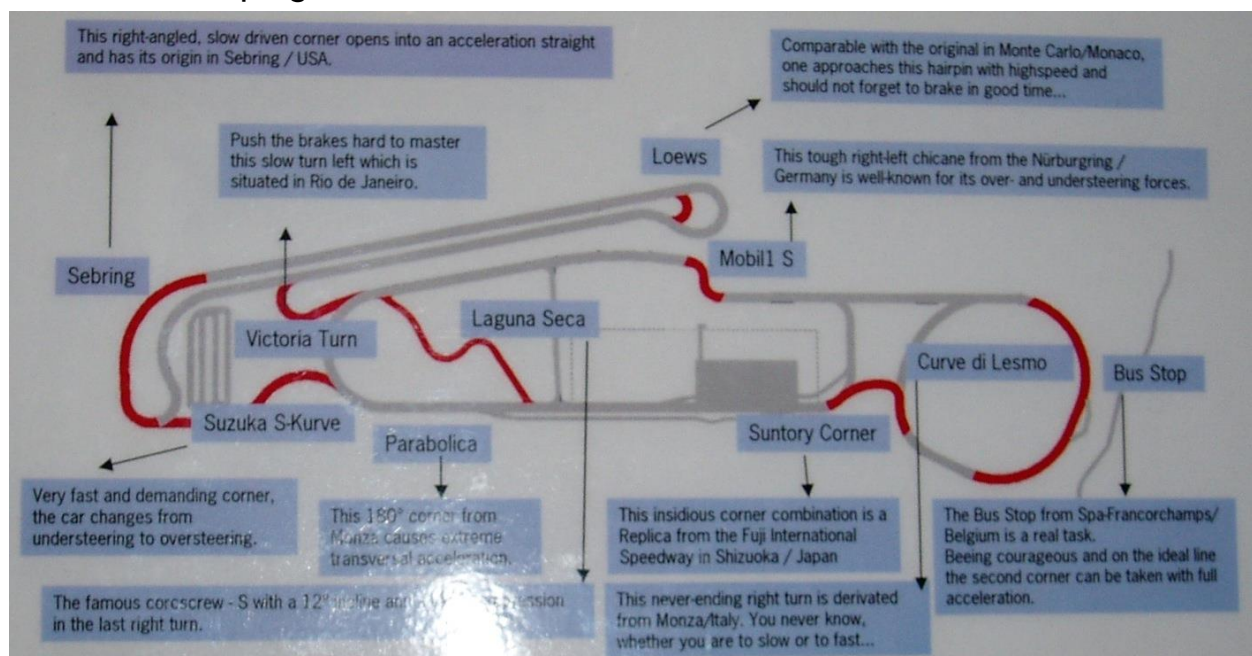

dining. The organization, the venues, the logistics were exceptional. The best, perhaps, was our host Peter and his constant information, stories, history lessons and updates while we drove. Sensational!

Bill and Jo Ann Harvey, Ohio

V. SOME OF MY HAPPY MEMORIES

The Leipzig PORSCHE Track:

Who creates detailed models of our car?

Who delivers ten PORSCHEs under the wings of an Antonov in Leipzig?

Of course, we, at Fast Lane Travel, give you exceptional experiences, you could never have on your own, or with anyone else.

On your path to success, remember to always look forward with optimism. May you achieve your goals and find joy. We truly appreciate your business and can't wait to see you on tour!

Cheers- Peter
